Officiating the Event—Javelin Throw

PIAA Suggested Techniques for T & F Officiating—pgs. 29 & 30 Field Event Guidelines A, C, D, E, H, & I; pgs. 42-46.

2019 NFHS T & F Rules Bk-pgs. 40-44 & pgs. 57-60.

2019 NFHS T & F Case Book-pgs. 84 & 85.

Safety is of the utmost importance with the javelin throw. Officials should check flags, roping, or however the sector is cordoned off. Keep spectators at a safe distance. No warm-ups without supervision. Review the rules before competition begins.

**G. Old Business: Laser measurement was used at Juniata this week end in the shot and javelin. It went well overall. It is a work in progress, but progress will continue to improve as the laser usage becomes more commonplace and our officials become more intimately acquainted with its mechanics and variants.**

**H. New Business: None noted.**

**I. Issues/Items from the Floor: Questions were raised about weighing implements-mostly regarding college level competition. Some points were made that the games committee should set the procedure. Jere H. (when he was allowed to speak) pointed out that implements did technically need to be weighed/measured unless a national record was in question.**

**J. Adjournment: Meeting adjourned @ 7:06 by President Hudson.**

**K. Next Meeting: Sunday, March 31, 2019 @ 6:00 PM**
